SAFETY WARNINGS

AN IMPORTANT MESSAGE TO PARENTS: This manual contains important information. For your child's safety, it is your responsibility to review this information with your child and make sure that your child understands all warnings, cautions, instructions and safety topics. Razor USA recommends that you periodically review and reinforce the information in this manual with younger pogo users and that you are required to inspect and maintain your child's pogo to insure their safety.

GENERAL WARNING: Pogo use can be a hazardous activity. Pogos can, and are intended to move, they go up and they go down and it is therefore possible to get into dangerous situations and/or lose control and/or fall. If such things occur you can be seriously injured or die. LIKE ANY OTHER MOVING PRODUCT, USING A POGO CAN BE A DANGEROUS ACTIVITY AND MAY RESULT IN INJURY OR DEATH EVEN WHEN USED WITH PROPER SAFETY PRECAUTIONS. USE AT YOUR OWN RISK AND USE COMMON SENSE.

- Always check to be sure the rubber tip is firmly in place before using pogo. Do not use if rubber tip is damaged or loose; replace if worn or damaged.
- Always wear safety equipment such as helmet, knee pads and elbow pads. Always wear a helmet when riding your pogo and keep the chinstrap securely buckled.
- Always wear shoes.
- Use only on smooth, hardened surfaces away from motor vehicles.
- Avoid sharp bumps, drainage grates, and sudden surface changes.
- Avoid surfaces with water, sand, grass, gravel, dirt, leaves, or other debris.
- Do not use your pogo at night.
- Stanchion (refer to page 2) will get hot from continuous use. Do not touch after using.
- Do not exceed 140 lbs (63 kg) total weight on the GoGo™ pogo.
- Recommended rider age: 6+. Children under age eight (8) should use with adult supervision at all times.
- User weight does not necessarily mean a child's size is appropriate to fit or maintain control of the pogo.
- A parent's decision to allow his or her child to use this product should be based on the child's maturity, skill and ability to follow rules.

ACCEPTABLE POGO USER PRACTICES AND CONDITIONS

Direct parental supervision is required. Pogos are meant to be used only in controlled environments free of potential traffic hazards and not on public streets. Do not allow use of a pogo in any areas where vehicle traffic is present. Never use near steps, sloped driveways, hills, roadways, alleys or swimming pool areas.

Do not push pogo away from you when jumping as this can affect balance, landings, and cause greater stress to the pogo.

Always hold the pogo in an upright, vertical position when jumping.

Using a "spotter" to assist when learning to use a pogo can be very helpful.

Pogos are intended for use on solid, flat, clean and dry surfaces such as pavement or level ground without loose debris such as rocks or gravel. Wet, slick or uneven and rough surfaces may impair landings and contribute to possible accidents. Never risk damaging surfaces such as carpet or flooring by use of a pogo indoors. Do not use at night or when visibility is impaired.

PROPER ATTIRE

Always wear proper protective equipment, such as an approved safety helmet. A user should always wear shoes, never use barefooted or in sandals, and keep shoelaces tied.

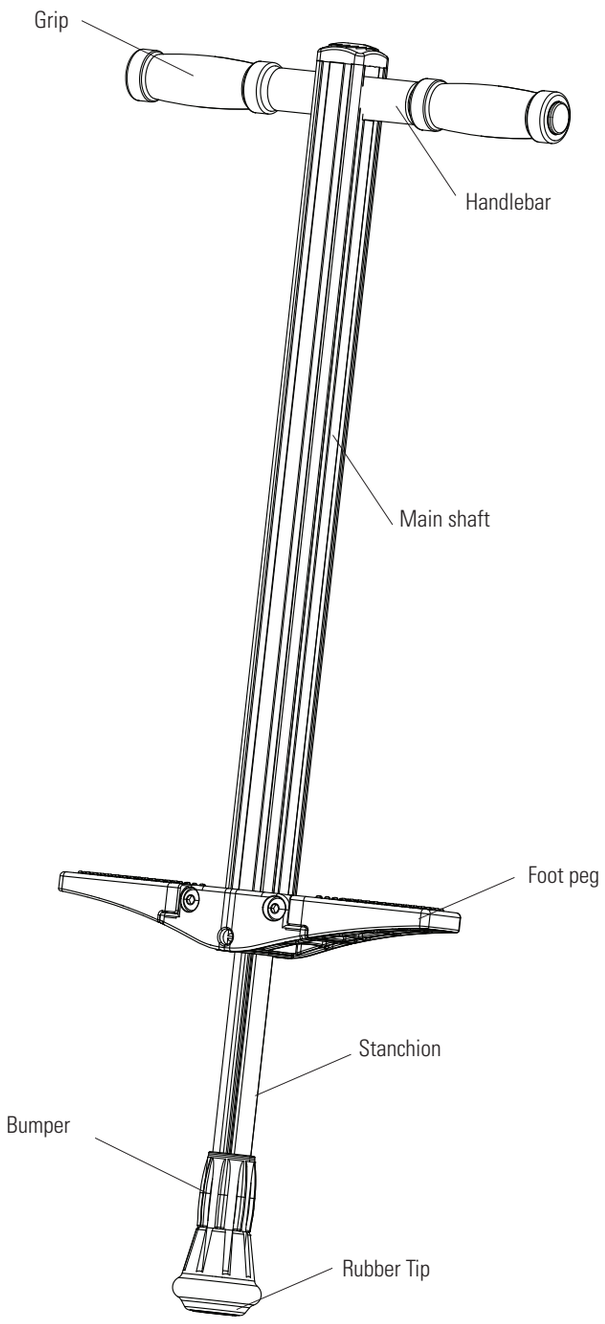
WARNING: ALWAYS INSPECT POGO PRIOR TO RIDING. Properly inspecting and maintaining your pogo can reduce the risk of injury.

WARNING: CHECK LOCAL LAWS REGARDING POGO USE. Check local laws and regulations to see where and how you may use your Razor pogo legally. Check local laws and regulations regarding laws governing helmet use and pogo operation in your area.

FAILURE TO USE COMMON SENSE AND HEED THE ABOVE WARNINGS FURTHER INCREASES RISK OF SERIOUS INJURY. USE AT YOUR OWN RISK AND WITH APPROPRIATE AND SERIOUS ATTENTION TO SAFE OPERATION. USE CAUTION.

BEFORE YOU BEGIN

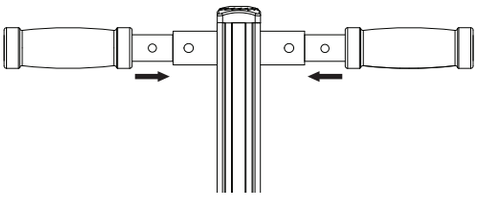
Remove contents from box. Inspect the contents of the box for scratches in the paint and/or dents that may have occurred during shipping. Because your pogo was assembled and packed at the factory, there should not be any problems, even if the box has a few scars or dents.



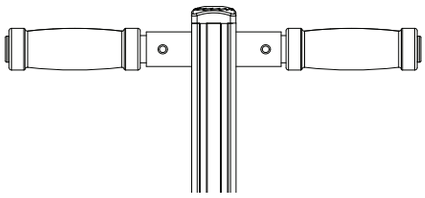
⚠ WARNING: DO NOT USE NON-RAZOR PRODUCTS WITH YOUR POGO STICK.
The Razor GoGo™ pogo has been built to certain Razor design specifications. The original equipment supplied at the time of sale was selected on the basis of its compatibility with the frame and all other parts. Certain aftermarket products may not be compatible and will void the warranty.

ASSEMBLY AND SET-UP

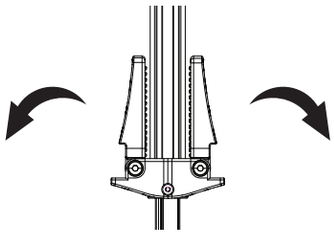
❑ Unfolding the GoGo for first time use

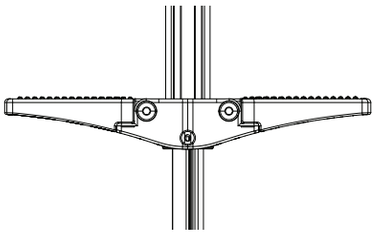


1 Insert and secure the left and right handlebars by pressing the spring-loaded buttons and inserting them into the main shaft.



2 Make certain **BOTH** handlebars are properly locked onto the main shaft.





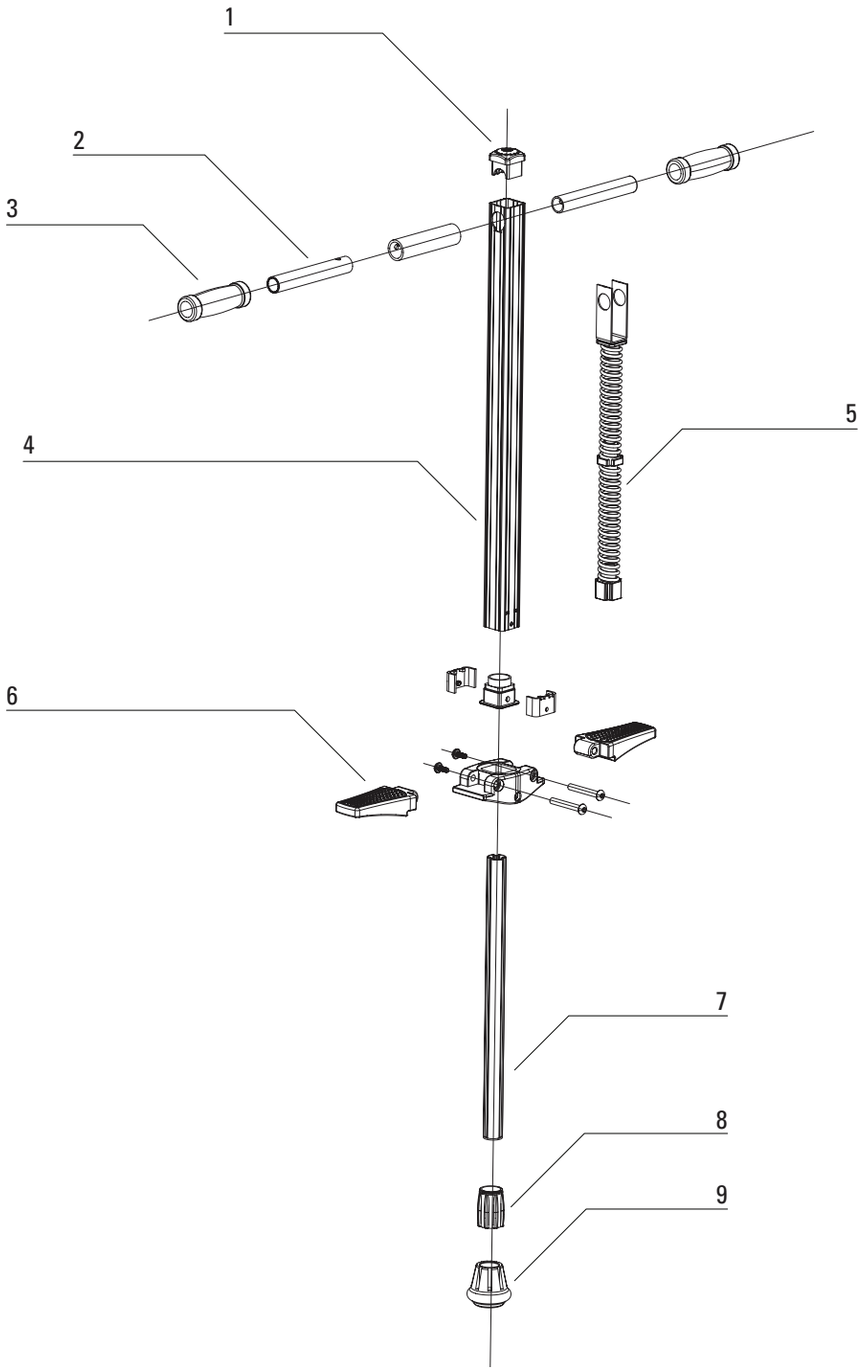
3 Unfold the foot pegs.

⚠ **WARNING:** Failure to properly engage the spring-loaded buttons may cause the handlebars to dislodge while in use and may cause you to lose control and fall. When correctly engaged, the handlebars will not rotate nor will they move sideways. Note that when properly engaged, the spring-loaded buttons are clearly visible in the holes on the main shaft.

GOGO PARTS LIST

Keep your pogo working for years with genuine Razor parts. Visit our web site or e-mail us for more information on spare part availability.
(Specifications subject to change without notice.)

1. Top Cover
2. Handlebar (x2)
3. Grip (x2)
4. Main Shaft
5. Coil Spring with Guide
6. Foot Peg (x2)
7. Stanchion
8. Bumper
9. Rubber Tip



SAFETY REMINDERS

PRE-RIDE CHECKLIST

Loose Parts
Check and secure all fasteners before every ride.

Replacement Parts
Replace worn or broken parts immediately. Call 1-866-467-2967 for parts or visit www.razor.com.

Safety Gear
Always wear proper protective equipment, such as an approved safety helmet, elbow pads and kneepads. Always wear shoes (lace-up with rubber soles), never use barefooted or in sandals, and keep shoelaces tied and out of the way of the springs.

You will see people on TV and maybe even people you know doing tricks and stunts. These are people who have been practicing for a very long time. Don't try something until you are ready. Avoid loose or uneven surfaces and don't jump too high — you can lose control and fall. Never use around traffic or on the street and watch your surroundings for pedestrians, bikers, boarders and skaters.

Maintain a hold on the handlebars at all times.

Be Careful!

DO NOT RETURN TO STORE

Failure to follow these instructions may damage your product and void your warranty.

WARRANTY

Razor Limited Warranty

The manufacturer warranties this product to be free of manufacturing defects for a period of 6 months from date of purchase. This Limited Warranty does not cover normal wear and tear, or any damage, failure or loss caused by improper assembly, maintenance, or storage.

This Limited Warranty will be void if the product is ever
- used in a manner other than for recreation;
- modified in any way;
- rented.

The manufacturer is not liable for incidental or consequential loss or damage due directly or indirectly to the use of this product.

Razor does not offer an extended warranty. If you have purchased an extended warranty, it must be honored by the store at which it was purchased.

For your records, save your original sales receipt with this manual.
